

Notice of Public Meeting

Plasco Energy Group Inc. continues with the Environmental Screening Process for permanent operations at their Plasco Trail Road waste conversion facility. Plasco will be hosting a Public Meeting on March 21, 2011 to provide a project update on the Screening Process; share results of the studies and assessment of potential environmental effects; seek input on Plasco's proposed mitigation measures; and discuss the future of the Plasco Trail Road facility.

Please visit zerowasteottawa.com for more meeting details.
